EXPERIENCE THE
EXCEPTIONAL

Your yacht is an extension of yourself. A statement of your lifestyle. She needs to deliver unforgettable experiences for you, your family and friends. Every Princess yacht is designed with our forward-thinking mentality and crafted with meticulous attention to detail. So whether you're dashing across the water or moored in your favourite bay, you will recognise the difference our design and details make, inside and out.

Experience the exceptional.

CRAFTED IN PLYMOUTH

Perched on the edge of the English Channel lies the city of Plymouth, where we established our home in 1965. Today Princess shipyards cover an area of over 1.1 million square feet, an area rich in British maritime heritage. In fact, South Yard, where our X Class Super Flybridge yachts are constructed, is a former naval yard dating back to the 17th century. From the outset, our goal has been to meticulously sculpt our yachts around our owners' enjoyment of them. Such dedication and attention to detail resonates deeply with our Plymouth craftspeople.

Over 3,000 people, each possessing a mastery of their skill, fastidiously realise this vision in our shipyards. Through a culture of innovation, our yachts are not only some of the most technically-advanced in the world but also the most beautifully realised.

BEAUTY IS ALWAYS IN THE DETAIL

We are determined to develop ever more ingenious ways to ensure every last millimetre of your boat is ergonomically sound, highly practical, and spatially perfect. Once our team of naval architects, designers and engineers have determined a design, our craftspeople fastidiously bring it to life. Every beautiful detail is crafted and finished within our Plymouth shipyards. This enables us to consistently monitor quality throughout each build. Seeing is believing though, so we invite future owners to pay us a visit and see beauty in progress through their own eyes.

F CLASS

Experience the most technically advanced and spaciouly proportioned flybridge yachts on the water. Every Princess flybridge yacht rewrites the rule book on space, performance and entertaining. Wonderfully progressive, incredibly efficient, classically Princess.

F 65
SPECIFICATION

F 58

The all-new Princess F58 is the latest addition to the acclaimed F-Class series and is unmistakably Princess. Elegant lines, exceptional space and a level of specification and standard of finish normally reserved for much larger craft. This is no truer than with her exterior spaces which have been designed with sociability and relaxation very much in mind. From the vast flybridge that has been designed to maximise guest space, to the foredeck 'terrace' which is large enough to entertain or simply offer a tranquil place to relax, and is a very popular feature borrowed from our larger yachts. Or, the generous cockpit that flows seamlessly into the saloon and down on to the bathing platform which is itself equipped with seating and an optional BBQ to create a mini beach club adjacent to the water.

Inside, the interior blends meticulous craftsmanship with a contemporary, yet timeless design that flows throughout her spacious accommodation. The saloon is surrounded by panoramic windows filling the space with natural light and connecting effortlessly to the outside. The fully equipped galley is situated aft of the saloon and links the cockpit and interior dining spaces making this a highly sociable layout.

On the lower deck are three beautifully detailed cabins including a spacious forward VIP guest cabin, a twin to starboard, which can be converted into a third double, and a full-beam owner's stateroom featuring a 'superyacht' style ensuite bathroom and walk-in wardrobe which also make full use of her generous beam. The new Princess F58 truly is a yacht without compromise and is already proving to be a very popular addition to the F-Class family.

OUR PARTNERS

Princess is proud to partner with a few exclusive brands who share our vision and brand values, and deliver exceptional experiences to their customers.

To celebrate our 50th anniversary, **SEABOB** created a Limited Edition collection which was the start of a unique relationship with this successful marine brand. The success of our 50th anniversary limited edition SEABOB marked the start of a unique relationship with this successful marine brand. We have since collaborated on a collection of limited edition designs as the perfect complement to your Princess yacht.

As we evolve our technology offering on each and every Princess, our partnership with **NAIM** provides world class audio visual systems that continue to rewrite the audiophile rule book.

Princess was honoured to become the first luxury yacht manufacturer to officially collaborate with **The Marine Conservation Society**. It's our way to support and sustain marine ecology, securing an environment for future generations to discover and explore.

With a shared passion for sustainability and ocean conservation, we recently partnered with **Ecoworks Marine** to help tackle the challenge of creating a more environmentally friendly approach to yacht cleaning. In a first for the industry, Ecoworks Marine have developed their 'Preserve the Living Seas' range, a unique collection of cleaning products that are fully biorenewable, quickly biodegradable and sustainably formulated.

Williams Jet Tenders are our provider of choice, with every Princess yacht designed to accommodate the models in their range.

We are proud partners of the **Salcombe Distilling Company**. Inspired by the coastal vitality of Salcombe and its shipbuilding heritage, Salcombe Distilling Co. creates exceptional spirits at its waterside distillery on Island Street, Salcombe; one of the world's only distilleries directly accessible by boat. The partnership will see Princess Yachts and Salcombe Distilling Co. collaborate at events around the world.

RECOGNITIONS

Our priority is to be considered the best by our owners, but recognition by independent experts through a number of prestigious awards has given Princess and our craftspeople a tremendous sense of pride.

Version 1.0

Updated April 30th 2021

* Displacements are calculated with 50% fuel and water with liferaft but with no optional equipment fitted or other gear.

† Maximum speeds will vary depending on cleanliness of hull, condition of sterngear, loading of craft, water and air temperatures, sea conditions and other factors. Speed estimates are therefore given in good faith but without warranty or liability on the part of Princess Yachts Limited. Craft illustrated in this brochure may be fitted with certain optional equipment. Specifications may be changed at any time without notice or liability.

‡ Certain specifications, which vary by model, are upgraded on Princess yachts built for use in North America. Thus, specifications and equipment will vary from the information listed in the brochure for North American Princess yachts (e.g. air-conditioning and an upgraded generator will be included as standard for all North American models and electric cooking facilities will be supplied in place of gas systems). Please consult the USA Specification Brochure for full details regarding the North American specifications for individual models.
